  - Name = the name under which the ship is known on the dates indicated then and according to its armament and country (so the same ship may appear several times in multiple lists if captured or sold, under different names if renamed or under the same name if rearmed or transformed.)
  - Start = Year when she appears under this name and appearance
  - End = Year when she disappears under this name or appearance
- Part 2: the characteristics of the vessel in the game
